

NEW ALUMINIUM-FRAMED DOOR : THE SQUARE®

ABCD DOORS ARE SQUARE !

As part of a continuous improvement process, we would like to present you the SQUARE® doors. With their straight lines and sleek design, the SQUARE® doors offer a completely new look. They are compatible with every ABCD INTERNATIONAL wall system.

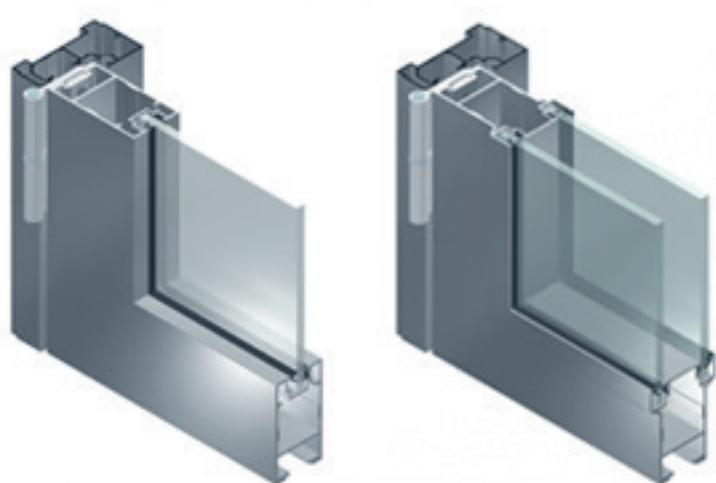

The new SQUARE® doors offer many different possibilities: hinged or sliding – wall-mounted or retractable – single or double glazed, one or two leaves, solid or glazed or both.

For a better acoustic performance, they can be glazed with regular or acoustic laminate glass : 33.2 to 55.2 in single glass and 33.2 to 44.2 in double glass.

Simple vitrage

Double vitrage

The hollow profile makes the integration of a concealed drop seal possible during production or at a later stage. The SQUARE® doors can be equipped with standard aluminium hinges, steel hinges, invisibles hinges or pivots.

Single glazing

Double glazing
